ARGENTINA		ANDELUNA CELLARS, MENDOZA UCO VALLEY				ORGANIC	
<p>Andeluna Cellars is a winery and vineyard rich with history and romance – just like the country it calls home. This beautiful place is the inspiration for the name Andeluna, which was chosen to symbolize the romance and heritage of the Argentine moon illuminating the magnificent Andes Mountains that frame the Uco Valley near the town of Tupungato. The combination of great vineyards growing classic varietals with world-class winemaking creates flavors and wines that cannot be found anywhere else. Andeluna is dedicated to creating world-class wines, and the world is taking notice.</p>

ARGENTINA		CUVELIER LOS ANDES, TUNUYAN - MENDOZA					
<p>The vineyard was planted in 1999 with a density of 5500 plants per hectare. This is a similar density to those favored in Bordeaux but is rare in Argentina. Today the vineyard stretches over 55 hectares (136 acres) with 10 hectares still to plant. The main grape is Malbec. They have also planted Cabernet Sauvignon, Merlot, Syrah and Petit Verdot. This enables them to create their own blended wines and also contribute to those of Clos de los Siete. Basking in the warm, dry climate of Mendoza, cooled by the refreshing high air of the Andes, their vines are ideally situated to express the character of their various grape varieties in this stony, alluvial gravel soil.</p>

FRANCE		CHAMPAGNE DELAMOTTE / SALON, CHAMPAGNE					
<p>Maison Delamotte has been a benchmark in Champagne since 1760. The firm's wine is among those preferred by the Champenois who recognise consistent quality and unflinching respect for the terroir and the Côte des Blancs. It is in the choice of Champagne Delamotte that the hedonist, the lover of subtle pleasures, stands out from the crowd. Fashionable but never stereotyped, their choice is produced with great care and passion in a place where nature is expressed most openly. This is luxury perhaps in the truest sense of the word.</p>

FRANCE		CHAMPAGNE DRAPPIER, CHAMPAGNE				SUSTAINABLE	
<p>Currently run by the 7th and 8th generations of the Drappier family, this grower was established in 1808. Its main claim to fame is that it was the 'house' champagne of French war hero General Charles de Gaulle, who loved it so much when he retired from public life, he came to live in a village a stone's throw from the Maison Drappier estate. Now that's what you call customer devotion! After the Second World War, Michel's father launched the House's classic NV style, Carte D'Or with its distinctive yellow label. The yellow colour is said to represent quince jelly, which the maker claims is reminiscent of the aromatics in his champagne.</p>

FRANCE		CHATEAU DE CORCELLES, BEAUJOLAIS				
<p>The legendary Château de Corcelles is located in the heart of Beaujolais and has been designated a National Heritage since 1927. Château de Corcelles has 92 hectares of vines spread over several terroirs enabling Gamay to express a range of styles. The Château produces Beaujolais, Beaujolais-Villages and Brouilly in its signature bottle. The combination of altitude (400 meters), exposure (south and south-east), soil (granite) and new trellising provide the best conditions for grape health and ripening. The vineyard has a high proportion of old vines with an average age of 40 years.</p>

FRANCE		CHATEAU DES TOURS, BEAUJOLAIS				
<p>Between Mâcon and Lyon, in the heart of the Beaujolais vineyards and at the foot of Mount Brouilly we find this beautifully renovated, magnificent building, located in an exceptional setting in the middle of the vines. This is the Château des Tours with its superb Gamay vineyards, producer of Brouilly wine, one of the most seductive of the Beaujolais Crus. In the very centre of the Brouilly Appellation, the Château des Tours has 70 hectares of vines in the communes of Saint-Etienne-la-Varenne, Odenas and Saint-Lager. It is thus blessed with an exceptional terroir giving great wines. This extra touch of soul confers unique style to our wines which are well known to specialists.</p>

FRANCE		CHATEAU LA NERTHE, CHATEAUNEUF-DU-PAPE, RHONE VALLEY				ORGANIC
<p>This domaine could easily be 800 years old, even if the first document in which it is mentioned dates from 1560. At that time, the domaine was called Grange de Beauvenir and belonged to the aristocratic family Tulle de Villefranche originating in the Piedmont region of Italy. Back then, the domaine's wines were highly renowned and seem to have titillated the palates of many rich and noble ladies and gentlemen, including the court of King Louis XVI. In 1991, the Château la Nerthe acquired 22 hectares of vineyards from Terre Ferme, whereby its total planting area grew to 90 hectares. Château la Nerthe thus became one of the biggest wine producers in Châteauneuf-du-Pape. The terroir of the vineyards has a broad spectrum of various kinds of soil.</p>

FRANCE		CLOS DES BRUSQUIERES, CHATEAUNEUF-DU-PAPE, RHONE VALLEY				BIODYNAMIC
<p>At only 8 hectares in size, this miniscule, ultra-traditional estate produces tiny quantities of just one wine: no luxury cuvée, no specialty blend, just a stunningly pure and complex Châteauneuf-du-Pape. Owner Claude Courtil is the godson of none other than Henri Bonneau, one of the most legendary and revered producers in the region, and he learned everything he knows about winemaking from his godfather. Henri and Claude share a deeply held commitment to natural winemaking: manual vineyard work, traditional aging in large foudres, and bottling without intrusive fining and filtration. Vines are over 60 years old!</p>

FRANCE	MOLLARD & FILLON, LANGUEDOC-ROUSSILLON	ORGANIC
---------------	---	----------------

It takes a standout wine to give voice to an unheralded region like the Terrasses du Larzac, a high-elevation zone in the mountains north of Montpellier. Working now with Béatrice's brother Nicolas Mollard, the team wanted with this wine (Grenache, Syrah, Cinsault and Carignan) to promote the region, sustainable agriculture and solidarity among local farmers. A worthy cause and, we think, an even more worthy wine. They also own Domaine Le Clos du Serres.

FRANCE	NOVELLUM, LANGUEDOC-ROUSSILLON	
---------------	---------------------------------------	--

Novellum is a custom cuvee of Chardonnay grown and made by Jean Marc and Eliane Lafage for Eric Solomon. Year after year, the Novellum Chardonnay is lauded for being one of the best Chardonnay values on the United States market. Because the wine is un-oaked, many restaurants have found it to be a terrific "by the glass" Chardonnay which marries quite well with food. As one of Eric Solomon's first "custom cuvees" (in a long line of successes), Novellum remains one of the most popular bottlings in the portfolio." ~ Winery notes

The history of the bodega goes back three generations; Emilio Moro was born in the heart of the Pesquera wine-growing area and grew up treading grapes and racking wine in his native village of Pesquera de Duero, in the province of Valladolid. As early as 14 years old, Emilio helped his father sell 100 large earthenware pitchers of wine to local clients. Years later, after being initiated into the techniques of wine growing by his father, Don Emilio planted vines on the rest of his land and grafted them with 100 year-old local Tempranillo "Tinto Fino", coming from estates which have now disappeared, such as "La Rendeja"

USA		O'SHAUGHNESSY ESTATE, NAPA VALLEY, CALIFORNIA				ORGANIC
The winemaking philosophy at O'Shaughnessy winery is to produce Cabernet Sauvignon that expresses the unique character of our vineyards from the Howell Mountain and Mount Veeder region. The winemaking style is contemporary, utilizing cutting edge fermentation equipment paired with natural hands on winemaking. The emphasis is on balance; the concentrated nature of the grapes from the estate vineyards needs to be in balance with the flavors and aromas in order to produce the most harmonious wine.

USA		POE, SONOMA COAST, CALIFORNIA				ORGANIC
POE was founded in 2009 by Samantha Sheehan, an advocate of the vineyards and wines of Burgundy and Champagne. The brand; Poe, was created to show that California too has incredible and distinctive terroir, varying dramatically from one microclimate to the next. Poe only produces single vineyard wines to show that distinction, and picks not by numbers, but rather when the fruit is balanced and flavorful.

USA		TRISAETUM, WILLAMETTE VALLEY, OREGON				BIODYNAMIC
In early 2006, James Frey teamed with Josh Bergstrom to begin work on the design of Trisaetum's winery. From the outset, the goal was to construct a facility that allows a winemaker to blend old world tradition and new world innovation. After several months and nine drafts, a floor plan and design philosophy were eventually turned into the 13,000 square facility that exists today. The winemaking team of James Frey and Greg McClellan (along with wine consultant Josh Bgrstrom) are fortunate to have at their disposal a wide array of tools to craft Trisaetum's distinctive Pinot Noir and Riesling.
