

Pascal Jolivet

# 'ATTITUDE' PASCAL JOLIVET SANCERRE BLANC

Sancerre, France

AB/BC +564245 12x750ml

"Made with the same attention to detail as Jolivet's great Sancerres, this wine is made from grapes grown outside the appellation. The wine offers expressive floral and fruit aromas, freshness and minerality in the mouth. This is textbook Sauvignon Blanc from the Loire."

Balance, Freshness and Precision: The Pascal Jolivet Style

**Grape** - 100% Sauvignon Blanc

**Vineyards** - This wine results from vines planted on the most beautifully managed soils close to the area of the Loire Castle, Touraine. Produced on a single 57-acre estate located to the west of Sancerre in Touraine. This estate's vines are planted in two distinct terroirs: Chémery, with limestone soils, and Anger sur Cher, with sandy soils. Environmentally friendly techniques in the vineyard.

**Winemaking** - Pascal Jolivet practices a minimalist winemaking style, allowing nature to take its course. Each of his white wines is produced using exclusively native yeasts, and entirely in temperature stainless steel. All parcels are vinified separately until final blending and bottling.
