

SCORCHED EARTH PINOT NOIR

Okanagan Valley, BC VQA

BC BTB +617837 - BC BTG +202651 - AB +863395 - 12x750ml

Silver Medal, BC Lieutenant Governor's Awards (2016)

"Generous aromas of sour red cherry jam, toasty oak and light spice. It is light to medium bodied, with some alcohol warmth and fine, dusty tannin. Very good length." - **WineAlign**

Grape: 100% Pinot Noir

Vineyards: Okanagan Mountain Park. Certified organic, fully sustainable with a minimal carbon footprint. Elevation of around 450m above sea level, their steep sloping terroir is comprised of clay, sand and silty loam. Southwest exposure providing lots of Okanagan sunshine, and steep sloping site is afforded great airflow and a cooling effect from the lake on super hot Okanagan summer days.

Winemaking: Pinot Noir vintages typically take 4 years of minimal intervention winemaking from vine to glass. Every grape is hand-picked and hand-sorted. Wines are aged in only French oak barrels imported directly from select cooperages. The 2016 Pinot Noir was aged for 21 months in only French barrels — 25% new. Scorched Earth Winery is set apart from other producers as they only produce small lot wines due to low cropping well under 2 tons an acre.

Tasting Notes: A subtle Pinot Noir with aromas of black cherry, plum, with earthy notes, cloves and a hint of vanilla.
